Zoom Control - and + will give you 8 different types of map including Road, Landranger, Explorer and even Street Maps. Have you tried yet? If not, why not!

IMPORTANT - KEEPING TOGETHER ON A WALK Larger parties will have a back marker appointed for the walk. Please inform them if you need to drop behind for a comfort stop, and tell the back marker when you catch up again. All members of larger parties are asked to help by keeping a look out behind them. If the people behind you are in danger of losing touch, please pause and tell the people in front of you to stop too, especially at woodland path junctions. Thank you.

ALL LEISURE ACTIVITIES have inherent hazards associated with them including rambling. In spite of participants' safety always being the paramount concern, accidents will occasionally occur. It is important that each person appreciates their responsibility to identify hazards and take all reasonable steps to eliminate or minimise the potential for accidents.

ADVERSE CONDITIONS Leaders may decide to cancel or shorten the walk, taking into account everyone's health and safety. Please contact them if doubt about conditions before travelling. Leaders are welcome to have news put on the message board. Just contact Mike.
